

# Mastering Periodontics in Every Practice

**David L. Jolkovsky, DMD, MS, FACD**

*Diplomate, American Board of Periodontology*

**Friday, November 18, 2016**

8:00am • Registration | 8:30am – 1:30pm • Class

**SDDS Classroom** | 2035 Hurley Way, Suite 200 • Sacramento

Advances in Regenerative Periodontology are revolutionizing how we treat our patients. We can now rebuild lost tissues, along with their function and esthetics instead of merely preventing further damage. Dr. Jolkovsky will present the latest advances in perio both with regenerative therapy and also how new advances can be used to build a successful non-surgical periodontal program in your office. He will use his 35 years of experience as both a general dentist and as a periodontist --- including private practice, military, and academic --- to offer practical ways to help you decide how you want perio to fit into your office mission and then to build the right team to accomplish that mission.

**Course Objectives:**

- Great Expectations: Setting Specific Roles for Members of your Perio Program Team
- Building a Successful Non-Surgical Perio Program in Every Dental Practice
- The Transformation to Regenerative Therapy in Hard and Soft Tissue Around Natural Teeth and Implants

**\$199**
