

OSHA: Train-the-Trainer, Then Train-the-Team

LaDonna Drury-Klein, RDA, BS FADE (SDDS Vendor Member)

Wednesday, October 28, 2020

11:30am – 1:30pm • Webinar/Zoom Meeting

The target audience is the program administrator, manager, or other personnel designated with the responsibility of implementing the annual OSHA training requirements for the dental healthcare facility. This course covers the primary focus points to complete an annual training session in the office. This course addresses the development and implementation of an Exposure Control Plan (ECP) for dental healthcare facilities.

Course Objectives:

- Understanding the OSHA Bloodborne Pathogens Standard
- Understanding the Hazard Communication regulations and the latest information
- Determining potential exposure(s) and methods of control
- Developing an Exposure Control Plan (ECP) and maintaining it
- Exposure incidents, workers comp requirements for treatment
- Training regulations and record keeping

Upon Course Completion, Participants Will Have the Ability to:

- 1) Take a step-by-step approach in training OSHA in their healthcare facility while utilizing the OSHA Bloodborne Pathogens Standard as a reference.
- 2) Understand and describe training requirements and eligibility topics for all training to be considered valid.
- 3) Design and assemble an in-office training protocol that allows for interactive discussion, continued team engagement in assessing weak points of compliance, and support on-going safety discussions that generate interest in continued education in the topic area.
