“All healthcare providers must ensure that the claims submitted to insurance plans are true and accurate.”

Are you ready for civil penalties of up to \$11,000 per billing error?

Fraud takes place daily across the country. Most practices are unintentionally making errors by not controlling your practice or billing issues. The owner needs to be the leader of protection. Learn what to have your team supply and what only the owner should be in control of.

Objectives:

- Learn why you need more than one bank account
- Only you should have control of finances
- Update your coding and insurance information
- Documentation: Not text messages!
- Know every credit being issued
- No one person should run the entire practice
- Understanding the reports you need to look at daily, weekly, monthly
