Zoom Meeting

Are you interested in incorporating full-arch implant prosthetics into your daily workflows? Curious on how to best start with full-arch implantology? This presentation aims to focus on how a general practitioner and/or specialist can begin incorporating full-arch implantology into their clinical practice. Emphasis will be placed on everyday clinical workflows and communication skills with patients that one can begin incorporating into practice the next day!

Learning Objectives:

- Understand diagnosis & treatment planning skills for full-arch implant dentistry
- Become familiar with clinical protocols to preform full-arch implant procedures
- Recognize the role of newer and older implant technologies and how they can help grow the general practice
